Participating in the Advanced Ideal Scene Workshop was insightful, revelatory and very productive. It helped me to get clear on what I wanted to create in my life, as well as identify competing intentions and limiting beliefs that were blocking me from manifesting my desired outcomes. I created an Ideal Scene around my evolving career as a Business and Culture Coach to creative companies, and while in 2011 it seemed at least 50% believable, today it’s 100% real. I am the Culture and Talent Director at advertising agency 72andSunny, working in a position that was created just for me. I get to work in my dream job—recruiting for the agency and coaching talent personally and professionally along the way. Crazy cool, right?! My favorite part about Ideal Scenes is when I do the work to get clear about my intentions up front, the rest just seems to unfold. This workshop provided the perfect structure and a tremendous opportunity to experience the value of your heartfelt dreams. Let’s see what can happen in 12 hours—and what can happen in the hours, days, weeks, months, and years ahead!

“Ideal Scenes are one of the most leveraged tools in the USM Graduate Program curriculum. Coming together as a community to co-create Ideal Scenes in support of your heartfelt dreams is an extraordinary way to demonstrate your intentions to Spirit. And being in the USM energy field means that we will receive the maximum energetic support to inspire and guide us.”

Dr. Mary R. Hulnick

“We will spend a total of 12 hours together on Friday evening and Saturday in this workshop. In 12 hours, you have the opportunity to make a significant positive difference in your life. When we are gathered together, we receive infinite support, both seen and unseen, from Spirit. Whether you do Ideal Scenes weekly or haven’t developed any in a while, can there be a better way to spend your time? I don’t think so. Mary and I are committing this time to being with you in support of your heartfelt dreams. Let’s see what can happen in 12 hours—and what can happen in the hours, days, weeks, months, and years ahead!”
