As the evolutionary impulse on the planet continues to strengthen, USM continues answering the call through offering life-changing Programs that transform consciousness and transform lives. As you know, it is the nature of the Soul to Love and to Learn. As we grow in consciousness, we realize that successes on the Goal Line (while enjoyable) pale in comparison to the majesty and fulfillment experienced through the ongoing revelation of the Joy, Aliveness, and Beauty of the Authentic Self on the Soul Line.

As we deepen in our awareness, we realize (see with “real eyes”) that the experience of who we truly are—Divine, Loving Beings having a human experience—is our Soul’s purpose. We come to a place where we value taking time to engage with others of a similar awareness in activities of an uplifting nature as a prime way of strengthening our connection to higher spiritual frequencies.

For this reason, it can be extremely helpful to participate in a community that is focused on spiritual growth and upliftment. USM’s beloved volunteers are just such a community.

Every month, some 600 students come to USM to further develop their awareness of Spirit through the transformational and life-affirming Programs here. This “coming together” of like-hearted Souls provides an unparalleled opportunity for graduate volunteers to support this work through Service. Some people think that Service primarily benefits those being served. What is less clearly understood is that Service most benefits those who are being of Service by giving unconditionally of themselves—for it is in Service that the Soul is nourished and grows. The higher we ascend in consciousness, the more our Souls wish to Serve.

We are deeply moved as we reflect upon all the blessings and all of you who have chosen to support USM, making the dream of a University offering Soul-Centered educational experiences a reality! We invite you to join us as one of the vital pillars of our community, providing the foundation of loving support so that USM students can continue receiving the blessings and benefits of a USM education. You will continue receiving the blessings and benefits as well.

By serving, you truly are making a difference—most important, to your Self.

With Gratitude and Loving,

Ron and Mary
Accelerate Your Transformation!
Benefits of Serving at USM

- Strengthening you in your Spiritual Awareness such that it becomes easier to remember you are a Divine Being having a human experience and to live within that context.
- Partaking of the Blessings of Joy, Loving, and Deep Peace that are the natural by-product of Service.
- Experiencing your own continuing Spiritual Awakening by participating within an organization and an energy field that are part of the evolutionary impulse that is actively moving on the planet at this time.
- Integrating the Principles and Practices of Spiritual Psychology at a deeper level while staying current with the latest information and inspiration coming through USM.
- Uplifting and clearing yourself once a month by immersing yourself in the healing energy of USM.
- Continuing to deepen your connection with Spirit and attunement with your Inner Counselor.

The many Blessings of Service are waiting for you.
All you need to do is come forward and participate!

What value do you receive in volunteering at USM?

Daphne Germaine Williams ('13), Assistant
I receive joy, overwhelming joy—and once a month I can be in an environment where I am spiritually fed, loved, and appreciated for what I love doing, being of service.

How does volunteering keep your USM experience alive?

Dena Hayess-Horton ('13), Reader
Volunteering at USM supports my spiritual evolution by calling forward a part of me that awakens only when I’m in service consciousness. Serving in this way affords me the opportunity to be a part of something beautiful and bigger than myself. As I read for the students, I hold them in my heart and encourage, love, and admire each one, knowing how brave they are to take on this work. When I’m volunteering for USM, I’m holding my heart open the entire time, which is great practice. I also find that holding a loving space for others to heal and grow results in my own healing and growth.

Experience the Joy of Service!

What a privilege it is to serve the USM community! As the Volunteer Resources Director, I invite you to share in the abundance of blessings available through service. We have the opportunity, as USM Grads, to participate as volunteers, bearing witness to students’ transformation and honoring our own personal journeys by deepening in the Principles and Practices of Spiritual Psychology. If your heart hears the call to be of joyful service at USM, you are invited to apply for the 2014-2015 Reading and Assisting Teams.

John Tarnoff ('05), Reader
Volunteering as a Reader for USM is not merely something that I do every month. It is not an add-on to my life. It is not a “nice-to-have;” it is a “must-have.” Why? Because as a Reader, the work that I do to support the students in their learning somehow magically creates balance, perspective, and insight for me in my own life. The students’ work and the opportunities we get to witness their sharing in the classroom reflect my own life process back to me and help keep me connected to the spirit of oneness and healing that I found so transformational as a student.

What a privilege it is to serve the USM community! As the Volunteer Resources Director, I invite you to share in the abundance of blessings available through service. We have the opportunity, as USM Grads, to participate as volunteers, bearing witness to students’ transformation and honoring our own personal journeys by deepening in the Principles and Practices of Spiritual Psychology. If your heart hears the call to be of joyful service at USM, you are invited to apply for the 2014-2015 Reading and Assisting Teams. I look forward to connecting with you!

With Love,

Mary-Kate Proietta
Volunteer Resources Director

At USM, we are blessed to participate in an extended educational community consisting of students, our Chancellor, staff, faculty, board members, graduates, friends of USM, generous donors, and beloved volunteers—all filled and surrounded by the Light of Spirit.

Yes! I’d Love to Serve at USM!
